Posted Worker Tools Now Included

Automate Your Posted Worker Registrations

Automatically Identify Posted Workers

Connect expenses, travel, security or other data to allow posted workers to be automatically identified, using built-in rules for each country.

## Track Posting Actions Through Tasks Lists

Track actions required to complete all posting requirements, using country-specific task lists. Add custom task lists as well.

Create Registrations

Generate completed registrations directly from application.

Securely Request and Share Data

Request and share data across teams, with controlled single-use access.

Maintain Documents for Compliance

Store contracts, pay statements, agreements in an employee record, to meet with country compliance requirements.

Dashboard Analysis

Oversee status via dashboards. View status of registrations and outstanding tasks.

Features

- **Posted Worker:** Posted worker task lists by country, request data via single use links, manage through posting control panel.

- **Brand and Theme Matching:** Fully customizable theme, including logos, colors and HTML email formatting.

- **Employee:** Employee travel request and calendar app (IOS, Android).

- **Data Analysis and Visualization:** Country heat map, data visualization.

- **Full and Flexible Reporting:** Report instantly on any data.

- **Merge Documents:** Merge data into documents and posted worker forms.

- **Customization:** Threshold overrides.

- **Email:** Outbound automated emails based on triggers.

Onboarding

Connect to your travel booking or travel approval system, or upload your travel data to get started immediately. Country rules, reports, alerts and data requests are all pre-configured.

Integration

Integrate via API or SFTP connections.

Posted Worker Form Maintenance

Equus continually review and update the posted worker government forms, so you do not have to.

Data Security & Hosting

Hosted in Microsoft Azure, the leader in industry standards for hosting and security.

ABOUT EQUUS

Equus Software is the global leader in cloud-based international relocation and mobility solutions. More than 300 organizations around the world rely on Equus tools and technology to automate mundane, transactional work so that global mobility teams, talent management professionals and other key stakeholders can focus on adding value to the business. Founded in 1999, Equus has a proven track record for delivering cutting-edge talent mobility solutions, continuous innovation and exceptional customer service.
